17 January 2014

Ms. Deborah A. P. Hersman  
Chairman  
National Transportation Safety Board (NTSB)  
490 L'Enfant Plaza, SW  
Washington D.C. 20594 U.S.A.

Dear Ms. Deborah A. P. Hersman,

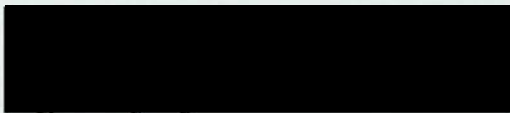

In reference to an investigative hearing, convened in Washington D.C on 11 December 2013, into the crash of Asiana Airlines flight 214 at San Francisco International Airport on 6 July 2013, I would like to submit an English version of Flight Safety Regulations of the Republic of Korea (ROK) as attached in this letter, which was requested by the NTSB accident investigation team during the hearing.

As the testimony that I made at the hearing, the Flight Safety Regulations has not been continuously translated in English due to its frequent amendment. So, please be aware that the attached document does not fully reflect recent amendments to the Regulations.

Also, please let us know if your accident investigation team needs the latest English version of the Regulations. It would take more than six months to complete the translation reflecting all amendments.

Thanking you for the efforts in improving the civil aviation safety of the ROK, I look forward to working closely with you in the near future.

Sincerely,

  
Kwang-hee Lee  
Director of Aviation Safety Division
